

# Bootstrap-Slides

## Slideshow

### ➤ Bootstrap 5 Slideshow component

Responsive Slideshow built with Bootstrap 5. Examples of adding controls, slideshow buttons: square and rounded, dark variant, automatic slide and more.

### Basic example

Here's a slideshow with slides only. Note the presence of the. d-block and. w-100 on carousel images to prevent browser default image alignment.

## Creating Carousels with Bootstrap

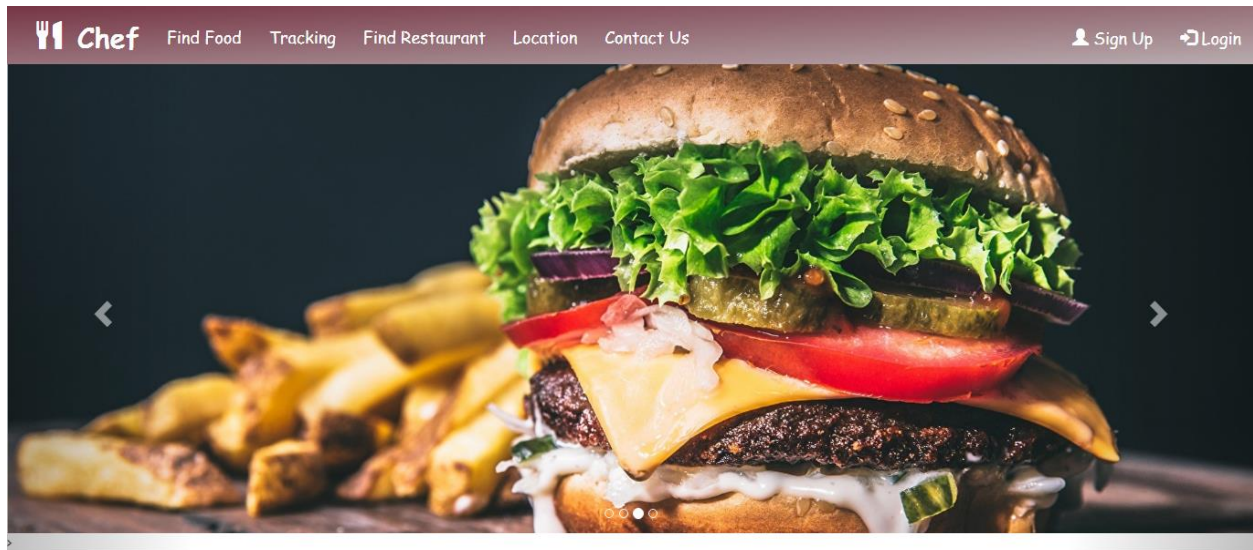

The carousel also known as slideshow or image slider is some of the best way of showcasing the huge amount of contents within a small space on the web pages. It is a dynamic presentation of contents where text and images are made visible or accessible to the user by cycling through several items.

## Creating Carousel with Captions

You can also add captions to carousel slides easily with the `.carousel-caption` element within any `.carousel-item`. You can optionally use display utility classes to hide captions on smaller viewports.
